ARTICULATION AGREEMENT

Delaware College of Art and Design (DCAD) and Maryland Institute College Of Art (MICA) agree that students, who choose to earn an associate degree and transfer to MICA to earn a bachelor's degree, should be provided with a smooth curriculum transition that minimizes loss of credit and duplication of coursework. Therefore, DCAD and MICA agree to enter into this program articulation agreement for students who complete the Associate of Arts Degree in Fine Arts (Sculpture Track) at DCAD and transfer into the Bachelor of Fine Art Degree program in Ceramics, Fiber, or Interdisciplinary Sculpture at MICA. Both partners enter into this agreement as cooperating, equal partners who shall maintain the integrity of their separate programs.

Guiding Principles

DCAD and MICA agree that any student who has completed the Associate of Arts Degree in Fine Arts (Sculpture Track) at DCAD may transfer the credits indicated on the attached Articulation Guide toward a Bachelor of Fine Arts in Ceramics, Fiber or Interdisciplinary Sculpture at MICA. Guidelines for students who follow this transfer agreement are as follows:

1. Complete the Associate of Arts Degree in Fine Arts (Sculpture Track) at DCAD and complete the coordinated program of study for the Bachelor of Fine Arts in Ceramics, Fiber or Interdisciplinary Sculpture at MICA, as noted in the attached Articulation Guide.
2. The academic transcript and the quality of the student's portfolio determine transfer credit. Only courses with a grade of "C" or better (2.0 on a 4.0 scale) will be considered for transfer to MICA.
3. When applying to MICA, an official transcript from DCAD must be sent to MICA's Undergraduate Admission Office.
4. A minimum of 60 credit hours must be taken at MICA and a minimum of 120 credit hours, completed in-residence or accepted in transfer, is required for graduation.
5. MICA reserves the right to consider each DCAD applicant for admission based on the quality of portfolio, academic achievement, and character as revealed by required application materials.
6. Admission under the terms of this agreement is contingent upon meeting high standards of personal conduct, pursuant with the student conduct codes of both DCAD and MICA.
7. Students interested in transferring to MICA are encouraged to be in regular contact with MICA's Office of Undergraduate Admission throughout their course of study at DCAD. This will help to facilitate an efficient and smooth transition from DCAD to MICA. Students should bring a copy of their transcript(s) and a copy of this articulation agreement to all advising sessions.
